RATAN VEER
NATURE CURE INSTITUTE & RESEARCH CENTRE

A Complete Health Destination.

The medicinal therapy, which totally removes the diseases from your body without side effects, is the best therapy.

Ratan Veer Nature Cure Institute and Research Centre

RATAN VEER NATURE CURE INSTITUTE & RESEARCH CENTRE is a destination for a vacation of a lifetime. It is located in a green belt in 7 acres of site with rich, verdant beauty, in sharp contrast with modern required needs like natural treatments, Ayurvedic, Gymnasium & health Club, Herbal Spa and Club House. It is ultimately architectural dream. It is planned for every modern comfort; even it retains a sense of ethnic simplicity and minimalist charm. Creating a setting and atmosphere that calms the senses and uplifts ones spirits. A welcome break from the noise and un-necessary materialism of modern city life.

Gradually man is becoming a victim, initially to taste and enjoyment and finally to different diseases. Nature cure system strikes the disease at its rock bottom and cleanses the blood and body by the virtue of its ability and recuperative powers as and when it gets an opportunity. The trust is striving to educate the masses about prevention of diseases by leading a natural life with the constructive principles of Mother Nature. Health is an entity which can be sought only by obeying/ respecting nature's laws.

॥ Dharmartha Kama Mokshanam
Arogyam Moolamuttamum ॥

Health is the pre requisite of all human beings to lead a righteous life, to earn
